

LEA CHADRAOUI

Front-end Developer | Web Designer

Beirut, Lebanon | +961 71 053 824 | l2chadraoui@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

ABOUT ME

Front-End Developer & Web Designer passionate about building clean, responsive web apps and interfaces. Experienced in full-stack tools, design systems, and real-world client projects

EDUCATION

American University of Beirut AUB, Lebanon

August 2022 – May 2025

- **B.Sc. in Computer Science** - Elected as the *student's representative* for the faculty of Arts and Science.

EXPERIENCE

AUB Outlook - Web Developer

March 2025 - Present

Tools and technologies: Next.js, Tailwind CSS

- Developed responsive web components to enhance the Outlook platform's user experience.

Freelance Website Developer

Jan 2025 - Present

Tools and technologies: HTML, CSS, JavaScript, React.js, Tailwind CSS, Figma

- Designed and built a fully responsive, interactive website for a restaurant, ensuring an intuitive user experience.
- Currently developing a guesthouse website, focusing on interactive UI/UX and dynamic feature implementation.

Digitalization of UNESCO Sites - Byblos Citadel Website

Oct 2024 – Present

In collaboration with Technische Hochschule Brandenburg, Germany

Tools and technologies: HTML, CSS, JavaScript, Figma, Firebase, Metashape, Blender, FrameVR

- Built a 3D model of the site using photogrammetry and integrated it into a virtual tour.
- Designed and developed a fully responsive website, integrating the 3d model and VR components.
- Selected as the best project out of 11 international universities, showcasing our work and technical implementation.

WhereTo - Android App Development

Sept 2024 – Dec 2024

Tools and technologies: Kotlin, java, Figma, Custom API, MongoDB, Node.js

- Designed the entire app UI in Figma and led both front-end and backend development.
- **Led a team of 5**, managing task distribution and project timelines to ensure smooth execution.
- Integrated a custom API to dynamically fetch and display place recommendations.

Born Interactive, Lebanon - Web Developer Intern

July 2024 – August 2024

Tools and technologies: HTML, CSS, jQuery, SASS, Bootstrap, ASP.NET, Node.js

- Developed two responsive websites with animations and parallax effects.
- Gained hands-on experience with backend development, building a small e-commerce project.

AubeFriends - Flutter Application

Feb 2024 – May 2024

Tools and technologies: Kotlin, java, Figma and Custom API

- Designed the app UI and led front-end development for a student networking platform.
- Managed the development process as **Scrum Master**, ensuring efficient collaboration and sprint execution.
- Selected the top among 30 projects for AUB Demo Day.
